Pension Decision.

Assistant Secretary Bussey Sustains the Bureau.

THE LINE OF DUTY DEFINED.

An Appeal for Sympathy Has No Weight With the Department—Great Improvement to Be Made in the Postal Guide. An Old Indian Debt Being Paid Off. That Korean Story Unfounded—Other Dispatches From the National Capital.

WASHINGTON, July 26.—Assistant Secretary Bussey has affirmed the adverse decision of the pension bureau on the application of Mary Taffe, widow of Henry Taffe, for a pension. Taffe and a comrade, by permission of their commanding officer, spent the night of March 16, 1863, with a provost guard at Wind Mill Point, Va., all of them drank whisky furnished by one of the officers in honor of St. Patrick's day, and during a drunken quarrel Private Cornelius Collins killed Taffe. The secretary holds that Taffe's visit to the guard post was not made in the line of military duty but for personal pleasure. Even if he was in the line of duty, however, he violated his duty by getting drunk.

In the appeal reference is made to Mrs. Taffe's financial condition. The secretary says, speaking of this: "An appeal to sympathy in behalf of a claimant may be properly addressed to the community in which claimant resides, and such an appeal, as in this case, should be kindly heard and promptly responded to on the part of a patriotic and humane people, but the department, however, disposed to hear such a claim, is confined by its duties to the impartial execution of the law, and possesses no jurisdiction over cases of appeal based on considerations of charity."

Improving the Postal Guide.

WASHINGTON, July 26.—The postal guide has heretofore been of little use to the public, because it contains matter interesting only to postoffice officials. The postmaster general will make an effort to popularize it, beginning with the August issue of the monthly supplement, by placing in it matter of interest to all patrons of the postoffice. The August supplement will contain a summary in plain terms of the more important rules and regulations of the service, carefully prepared and indexed by W. B. Cooley chief clerk of the department. From time to time thereafter tables of reference and other useful matter will be published, and all of this will be gathered together in the annual guide.

Why the Plates Were Not Captured.

WASHINGTON, July 26.—Chief Bell of the secret service, says he did not expect to get the counterfeiters plates on which the money was printed, when he made the arrest of Nelson Driggs at Dayton, O. "We know," he says, "that the plates are not within 800 miles of the place. We were acting under instructions from Assistant Secretary Bacheller to prevent any of the new issue getting in circulation, and that is what we did, by capturing all the money."

No Truth in the Korean Story.

WASHINGTON, July 26.—The story from Tennessee to the effect that Mrs. Hattie G. Heron was under sentence of death in Korea, for preaching Christianity, has been disposed of by the receipt of the following dispatch from Minister Dinsmore from Seoul, to Acting Secretary Wharton, of the state department: "Report concerning Mrs. Heron is wholly without foundation."

The Coolies Can Go Through.

WASHINGTON, July 26.—The secretary of the treasury has instructed the collector of customs at New Orleans to allow the twelve Chinese coolies detained there under the Chinese exclusion act, to proceed by the Southern Pacific railroad to San Francisco as tourists. This action is in accordance with the opinion rendered by the attorney general.

Paying Off an Old Debt.

WASHINGTON, July 26.—The interior department has issued a warrant for \$22,000 to the delegates from the Pottawattomie band of Indians, who have been in the city for some time. This is 10 per cent. of the amount of an old claim, the amount of which was appropriated to the band by the last congress.

WASHINGTON, July 26.—The secretary of the navy has awarded the contract for furnishing 428 tons of steel for the new cruiser Maine to the Linden Steel company, of Pittsburg, for \$34,753.

COLOMBIAN INJUSTICE.

American Citizens Kept in Jail Three Months Although Not Guilty.

NEW YORK, July 26.—Timothy Burke, a native of New Orleans, formerly a sailor on the United States ship Iroquois, and who has been employed as an engineer on the Isthmus of Panama for four years, arrived from Aspinwall yesterday on the City of Para. He affords another illustration of the Colombian authorities towards American citizens. In September, 1888, Burke was hired by the captain of an Italian vessel lying off Aspinwall to repair the ship's pumps.

The following day Thomas Kelly, one of the crew, was arrested for stealing the ship's chronometer, and he claimed that Burke was an accomplice. Burke was also arrested. He was kept for thirteen days in a dark cell awaiting examination. A lieutenant of the United States ship Atlanta took Burke some money collected for him on board that vessel. The money was placed in the hands of the United States consul Viquin, who did what he could for the prisoner, who had to bribe the jailers and buy much of his own food.

After eleven examinations, which occupied six months, Burke was pronounced innocent. He was not, however, released, the authorities claiming that certain papers had not arrived from Panama. Burke was kept in prison three months and ten days after being declared not guilty.

WORLD'S FAIR IN 1892.

Action Taken in New York to Have a Mammoth Exposition.

NEW YORK, July 26.—A number of the wealthiest and best known citizens of New York met at the mayor's office yesterday and discussed plans for the world's fair which it is proposed to hold in this city in 1892. Mayor Grant was made permanent chairman of the committee of arrangements and William M. Spear secretary. City Comptroller Myers moved the appointment of a committee of twenty on plans.

Ex-Governor A. B. Cornell thought the site committee should not be appointed until a later date. This would be one of the most delicate questions to be considered, and great care should be exercised in regard to it. Few shared his view, however, and the motion for four committees was carried. The mayor and secretary were made members ex-officio of all the committees. The meeting then adjourned, subject to call of the chair.

AN EARLY MORNING BLAZE.

Cincinnati Dry Docks Company Suffer a Fifty Thousand Dollar Loss.

CINCINNATI, July 26.—The saw mills of the Cincinnati Dry Dock company, situated on the river bank at Eastern avenue and Brooklyn street, was entirely destroyed by fire at 2 o'clock this morning.

It was a one-story frame, and faces toward the river, with a frontage of some seventy-five feet, and is 150 feet deep. The place was stored with a large quantity of hard wood lumber and other inflammable material. When the department arrived upon the ground the flames were past control. A half hour after the fire was discovered the building was in ruins.

During the past year the plant was refitted with some very costly machinery, and this, combined with the large quantity of wood and other valuable material, will run the loss up to at least \$50,000. It is said that the building and machinery were well covered with insurance.

Maggie Mitchell to Marry Again.

St. Louis, July 26.—A New York special to The Republic, says: "It is reported that Maggie Mitchell will shortly marry her leading man, Charles Abbott. Miss Mitchell is now visiting her daughter in Germany. Mr. Abbott is making arrangements for her tour next season, and is superintending the construction of her West End theatre in Harlem. Although Maggie Mitchell's relations with Mr. Abbott have been very friendly for a long time, they never approached their present degree of intimacy until after she was divorced from Henry Padlock."

An Unfortunate Family.

YOUNGSTOWN, O., July 26.—Caleb Saylor, aged 16, while working in a bran bin in Clegg Brothers' wholesale house Wednesday, was buried by the fall of the bran, and not being seen and unable to dig out was suffocated in it. It is the third death by accident which has befallen the Saylor family within five years. Another son was killed by a boiler explosion and a daughter was drowned in the river.

Bishop Gilmore Sat Down On.

NEW YORK, July 26.—The Catholic has received the following cablegram from a correspondent: "A suspension of Rev. Dr. Quigley, formerly pastor of St. Frances de Sales' church, Toledo, O., by Bishop Gilmore, of Cleveland, has not been approved at Rome, and the clergyman has been fully restored to his rights in the diocese."

New Constitutions.

How They Are Being Formed in Four Conventions.

BUT LITTLE PROGRESS MADE.

The Suffrage Question Fully Discussed at Helena, Montana—State Debt of Wyoming to Be Limited—Proceedings of the Gatherings in North and South Dakota.

HELENA, Mont., July 26.—In the constitutional convention yesterday the suffrage question was discussed. Mr. Hartman moved that a voter must be able to read and write English. Mr. Burleigh opposed this, and said it would disfranchise many foreigners who had fought for this country. Mr. Knowles took a similar view. Mr. Maginnis opposed the motion on the ground that Montana needs immigrants. He also pointed out that Anarchists and other dangerous foreigners are often well educated.

Mr. Stapleton said education was not an infallible sign of ability, honesty or merit. There was considerable confusion and excitement over the debate. The motion was finally voted down by a large majority. Only eleven members voted for it.

The question of woman suffrage came up next, and excited much interest. The galleries were filled with ladies. Mr. Beckford moved to leave the subject to the legislature. Many speeches were made for and against the motion and all were liberally applauded. The motion, namely, that the legislature be empowered to submit the question of universal suffrage to a popular vote every four years, was finally defeated—34 to 29. The session then adjourned.

In Washington.

OLYMPIA, W. T., July 26.—The constitutional convention took up the article on city and town organization, which was passed in committee of the whole. Several amendments were proposed, discussed, and voted upon, but finally the article as passed in committee of the whole was adopted. The committee on state, county and municipal indebtedness reported. The article limits the state debt to \$400,000 except in times of war, or for some specific object, with the consent of the people at an election. The committee on bill of rights reported an article guaranteeing the usual freedom of speech and of press, of assembling, bearing arms, etc. Congressman Cox delivered an informal lecture in the evening before the election.

In South Dakota.

SIOUX FALLS, Dak., July 26.—The South Dakota constitutional convention held another interesting session yesterday, and made good progress. The legislative apportionment report was adopted without debate. It provides for forty-five senators and 124 representatives. The special committee, composed of clergymen, to whom was referred the memorial of the American Sabbath union, asking that the Sabbath be fully protected in the constitution, reported that under the omnibus bill this convention could found no provision of the kind suggested to the constitution. The committee on school lands, in its report, sought to make two or three changes in the article referred to it for the more sure protection of school lands and lands for public buildings, but before the report was adopted the section in the Sioux Falls constitution was restored without change.

In North Dakota.

BISMARCK, N. Dak., July 26.—Several committees made their reports to the convention. The temperance committee reported in favor of submitting a prohibition amendment to the people. The convention will soon begin the real work of making a constitution.

HUNDREDS OF SKELETONS.

An Exploring Party Makes a Startling Discovery Near Yankton, Dak.

YANKTON, Dak., July 26.—A party of explorers unearthed yesterday a number of human skeletons buried in Chalk Bluffs, ten miles east of Yankton on the Nebraska side. Fifty skulls and 200 headless skeletons were found which local physicians pronounced to be the remains of white people, children and adults. Indications are that they have been buried forty or fifty years. Two theories are advanced to account for their presence. One is that they were immigrants bound for California in 1848, who were murdered by Indians. Another theory is that they were Indians of some tribe at war with the Sioux, and that they were massacred. The death would seem to have been inflicted with a club. Further researches will be made.

RUNAWAY ACCIDENT.

A Woman Killed and a Child Fatally Injured in Washington.

WASHINGTON, July 26.—At about noon yesterday, while Mrs. William Irwin, of this place, accompanied by her three children were driving near Elwood crossing, the horse became frightened and dashed into a rapidly moving Baltimore and Ohio freight train. Mrs. Irwin was killed outright. A 3-year-old child had both legs cut off, and will die, while the remaining two were but slightly hurt.

A Boy's Insanity Trick.

KINGSTON, Ont., July 26.—The son of Marshall H. Twitchell, the United States consul here, has been arrested for breaking into the house of Mrs. Martin last night. Young Twitchell is a mere boy and possesses a good character. He is thought to be insane.

SENSATIONAL TRIAL ENDED.

A Young and Beautiful Wife of a Banker Acquitted of Murder.

LONDON, July 26.—From Turin, Italy, comes the news of the acquittal of Genora Dina, the young and beautiful wife of Banker Dina, of that city, whose sensational trial on the charge of murder has kept the whole city in a fever of excitement for a week. The husband of the accused is well known as one of the boldest speculators on the Italian bourses, and recently, when misfortune overtook him, he was counted among the wealthiest bankers of Turin. Not long since he met with severe losses on change and attempted suicide by poison, but through the efforts of the doctors his life was saved, though for many weeks he lingered between life and death.

While in this condition two of his creditors made persistent efforts to get access to him, which the banker's devoted wife, watching at his bedside, denied them, but they, believing the banker's illness feigned, one day called at his house and threatened to break into his room by force if prevented. The brave wife seized a revolver and fired it into the air, but this did not frighten her assailants, who quickly wrenched the weapon from her grasp and proceeded toward the apartment where the banker lay at the point of death. Crazed by fears for her husband's life, she armed herself with a sharp dagger and followed the two men, one of whom, a noted broker, named Coen-Cogli, attempted to wrest the dagger from her hands. A desperate struggle ensued, in the course of which both fell to the floor together, and in the fall, as is claimed by the defense, the dagger entered Coen-Cogli's side, causing his death in a few minutes. Before dying, however, the unfortunate broker stated to the officer, who quickly arrived on the spot, that the fault was entirely his own, and that the lady was blameless. Notwithstanding this the young woman was arrested on the charge of murder.

She was ably defended, and the trial, which attracted attention all over Europe, finally resulted in her being set free. She was sentenced to two months' imprisonment, but the sentence was remitted by the judge in view of her long imprisonment awaiting trial. This decision gives general satisfaction in Turin, where the accused has been long and favorably known and where she moved in the very best society.

Horribly Mangled By Dogs.

CINCINNATI, July 26.—John Pumphrey, a man 73 years old, was attacked and probably fatally bitten by bulldogs Thursday. He is in the habit of taking an early morning walk, and, following his usual custom, he sauntered down towards the river. While passing a stone yard two savage bulldogs belonging to Anthony Hess, night watchman at the yards, rushed out, and, before they could be called off, they had lacerated Pumphrey in a horrible manner. The calf of his leg was completely torn off by the vicious brutes, while the muscles of his arms were torn in a sickening manner. The injured man was taken to the city hospital, where, on account of his advanced years, his recovery is considered doubtful.

Ohio Prohibitionists.

ZANESVILLE, O., July 26.—Rev. Dr. J. B. Helwig, of Springfield, was nominated for governor by the Prohibition convention. He started life as a blacksmith, worked his way up to college, was advised by the president of the college to go back to the forge, but later became president himself of that very Ohio college. The remainder of the ticket nominated is as follows: For lieutenant governor, L. B. Logan, of Alliance; supreme judge, Gideon T. Stewart, of Norwalk; state treasurer, D. M. Trowbridge, of Toledo; attorney general, E. J. Pinney, of Ashtabula.

The Burglar Did Not Shoot.

SPRINGFIELD, Mass., July 26.—Arthur Valentine, a machinist of this city, was aroused about 3:30 o'clock yesterday morning by the noise of a burglar. He confronted the thief, who threatened to shoot. Valentine replied, "shoot and be d-d," and, seizing a chair, laid the burglar out with one blow, and pinioned him until officers came. The man gave his name as John Harris in the police court, pleaded guilty, and was held in \$5,000 for appearance at the superior court in September.

Executive Work at Deer Park.

BALTIMORE, July 26.—The Sun's special from Deer Park, Va., says: As a result of an interview between the president and Attorney General Miller, it was determined to pardon Charles W. Smith, of East Michigan, Mich., for forging a postal note. The other cases considered were Lewis C. Powell, Edw. Bennett and Samuel Butler, of South Carolina, who were convicted of violating the internal revenue law. The president positively refused to interfere in their behalf.

Ives Wants to Get Out.

NEW YORK, July 26.—Henry S. Ives has obtained a writ of habeas corpus, returnable in the supreme court to-morrow, requiring cause to be shown why he should be longer detained in Ludlow Street jail. He and his partner, G. H. Stayner, have been in jail six months on indictments in connection with the Cincinnati, Hamilton and Dayton railroad stock irregularities. Ives claims that longer detention under an order of arrest and in the absence of trial is illegal.

The Knights Adjourn.

CHICAGO, July 26.—The members of the Knights of Labor executive board, Messrs. Holland, Costelloe and Wright, who held a session of the board yesterday to hear court cases, finished their work late last evening and left for their homes. Word was received from Mr. Powderly, who is at present in Columbus, O., that no further business remained and the board adjourned.

Figures for the Commercial Gazette.

The Cincinnati Commercial Gazette charged a few days since that the colored people of Kentucky were cheated out of a fair proportion of the school fund, and further that the colored people paid more into the school fund than they received back. Such a charge was absurd on its face to any one at all acquainted with the facts, and we so stated in an editorial one day this week. We have some figures which we wish the editor of Commercial Gazette will take time to examine.

Statistics at hand show that for the year 1885-86 the sum apportioned by the State to the colored school fund amounted to \$167,666.37. During the same year the colored people paid in taxes &c., for school purposes only \$14,538.76. This makes the sum paid out of the white fund to the colored fund for that year amount to \$152,127.61. In other words the colored people, in 1885-86 not only received back every cent they paid in taxes &c., but they received over \$150,000 out of the white fund.

For the year 1886-87 the colored people got \$170,155.95 from the State for school purposes and paid in taxes &c., only \$12,545.65. That is they got back every cent they paid and \$157,610.30 in addition, and this latter sum came out of the white school fund.

This year the colored school fund will get over \$200,000 out of the white fund.

In Mason County last year there were seventeen colored teachers who received \$3,327.28 out of the public fund, while for the same period the sixty white teachers were paid only \$10,587.94. Of this number three colored and thirteen white taught for ten months. That is for the scholastic year ending in June, 1888, the colored teachers of Mason County got an average of about \$190.30 out of the public fund, while the whites for the same year received on an average only \$162.70 out of the fund. For the year ending June, 1889, the average amount paid out of the public fund to the teachers of this county was as follows:

Whites.....\$176 46
Colored.....\$195 72

It is in the face of such figures as the above that the Cincinnati Commercial Gazette and other Republican papers fill their columns with misrepresentations and lies about Kentucky and Kentucky Democrats.

We sincerely trust that every Democrat not only in Mason County but throughout the State will turn out on the 5th of August and by their votes at the polls forever silence these Republicans who seem to delight in lying about Kentucky. It is on such charges as the Commercial Gazette's that the Republicans are making the present fight, and Democrats should take delight in giving their opponents a deserved rebuke.

Let not over-confidence keep any Democrat away from the polls at the approaching election. The Republicans will all be on hand.

WILL HAVENS, of the Dover News, has purchased the Maysville Democrat, and took charge of same last week. Brother Havens thus forms a little trust of his own, securing a corner on the Democratic papers of Mason. We would advise him to go the whole hog and scoop in the BULLETIN.—Bracken County Chronicle.

Dear Chronicle, you are not posted. The BULLETIN never allows itself to be scooped.

REPUBLICANS, how do you like this from the True American? It says: "With all the criticism and censure of its predecessor, the present National Administration has not dared to change the financial policy of President Cleveland's administration. The surplus has gone on increasing just as President Cleveland said it would, and Congress is to be summoned to apply the remedy. When Congress meets it will find as much difficulty in improving on the plans of its predecessor as President Harrison has."

Kicking Against Goodloe.

Editor Bulletin—There are others besides Gen. Clay that are done with the Republican party. They are those who have been shabbily treated by Mr. Goodloe, and the party will hear from them for years to come. Mr. Goodloe has totally ignored the active workers of the party and appointed a lot of drones. Ben Harrison should ask Goodloe for his resignation and let his successor make the appointments over again. REPUBLICAN.

Resolutions on the Resignation of Rev. R. B. Garrett.

The following were unanimously adopted at a meeting of the First Baptist Church Sunday morning, July 21st:

WHEREAS, Our pastor, Rev. R. B. Garrett, has offered his resignation, to take effect September 1st, 1889;

Resolved, That while we believe it due to his wishes that we accept his resignation, we do so, reluctant to sever the tie which has united us in the Master's work for more than five years.

Resolved, That we commend him to the churches as a faithful and able preacher of the Word, sound in doctrine and strong in the faith.

Resolved, That our prayers and best wishes shall go with him to his new field of labor.

Resolved, That these resolutions be furnished to the press for publication.

APPEAL TO DEMOCRATS.

Throw Aside Apathy and Over-Confidence and Poll the Full Vote for the Nominees.

Chairman M. C. Alford, of the State Central Committee, has issued the following:

"To the Democracy of Kentucky: But few days remain in which to organize for the State election. The apathy and over-confidence existing in the ranks of our party are inexcusable and dangerous. While there is but one State office to be filled, it is an important one. Our candidate is a man of ability and experience, and one whose honor and integrity is unquestioned. He was selected from the whole body of our party by the Governor of the Commonwealth as the man best suited to perform the functions of the office, and he accepted the trust at a personal sacrifice in the interest of the party, and out of deference to the wishes of our noble Governor. His efficient administration of the affairs of the office has proven the wisdom displayed in his selection. He is now a candidate before the people in the interest of Democratic supremacy and honest government.

"In twenty years of Democratic rule in Kentucky, the affairs of the State have been economically and judiciously managed, and in that time only one officer has proven recreant to the trusts confided. His dishonesty was discovered and exposed by Democratic officials, and he driven from the confines of civilization, or perhaps hounded from the face of the earth. We have thus given assurance to the people, in keeping with the history and traditions of our party, that no dishonesty or dereliction of duty will be tolerated or suppressed. 'The people are supreme,' and 'a public office is a trust,' are the well established mottoes of our party. Contrasting strangely with this is the history of the Republican party and its tenets. The report of the Secretary of the Treasury shows that in less than twenty years, Republicans in Federal offices alone embezzled and stole nearly eleven and a half million dollars of the people's money, or about \$280,000 for each State in the Union. But this does not include the numerous defalcations in State, county and municipal offices. Furthermore, the Republican party is the father of monopolies and the mother of trusts; it takes the poor for the benefit of the rich; it protects the manufacturer and oppresses the consumer; while its officials steal, in defiance of law, the party robs under form of law.

"The people of Kentucky can not afford to allow such a party to gain the ascendancy in this State. We, therefore, now call upon the Democrats throughout the State, and upon all who have the interest of the State and the people at heart, to at once organize in every county and every precinct, and arrange in detail to bring out every vote. The danger which confronts us is over-confidence. If this can be overcome Judge Sharp's majority may be made to reach fifty thousand; if not overcome, his election will be seriously jeopardized."

"M. C. ALFORD, Chairman Democratic State Central Com.

Commenting on this the Courier-Journal says: "It is useless longer to conceal the situation. The Courier-Journal appeals from the committees to the people themselves, and calls upon Democrats throughout the State to give the party their best efforts during the next ten days. It is not too late to make certain the election of Captain Sharp by 25,000 majority, but if this work is to be accomplished it must be done by the 'Boys in the Trenches.'

"Let all other considerations but that of Democratic success be at once put aside. The one issue is now that of party ascendancy. The Republicans are bending every energy and using every means at their disposal to compass the defeat of Captain Sharp. Patronage, promises and money are being poured out lavishly, and a still hunt is being made with confident expectation of success.

"Democrats owe it to themselves, to their party, and to our faithful Governor, to see that the election of Mr. Sharp is put beyond question. The dishonesty of Mr. Tate is not to be denied. The Republicans are making all they can of the betrayal of his trust by an officer so honored by the Democratic party. The exposure of Mr. Tate, the investigation of his office, and the reorganization of the department have been the work of Democratic officers. Throughout the whole affair Governor Buckner conducted himself in a manner to command the confidence of the people, to maintain the public credit, and to place our finances in such a condition that, notwithstanding the defalcation, the name of the State would be untarnished, and the interest of the tax-payers would be protected.

"For more than twenty years the Democratic party has been in charge of the State affairs of Kentucky. During that period there has been but one man who has proven himself unworthy of the confidence reposed in him. During these twenty years our public affairs have been conducted with singular honesty, intelligence, economy and foresight. At every point the welfare of the tax-payers has been considered; expenditures have been limited to the strict needs of the Government; the school system has been vastly improved; the assessments have been equalized and perfected; the State penitentiary has been reorganized and put on a plane with the best institution in the country, and, with the exception of the Treasury, there has been no hint of dishonesty or shadow of mismanagement.

"The Courier-Journal is no alarmist. It does not seek to obtain votes by false pretenses. We give to the people the information that comes to us through official channels, and we state in all seriousness that the party ascendancy is in peril,

and that if the victory is won at all it must be won by Democratic voters who will not wait upon leaders or organizers, but who, each for himself, will go to the polls and cast one vote for the Democratic nominee."

The Railway World.

Surveyors are locating a branch of the Louisville Southern from Shelbyville to connect with the Kentucky Midland at Frankfort.

The bill compelling all roads operating in the State of New York to equip their freight cars with automatic couplers has become a law. Until November 1, 1890, is given the roads to comply with the provisions of the law. The penalty for non-compliance is \$500 for each offense.

Messrs. Unger, Smithers & Co., of New York, announce their readiness to receive applications at eighty-eight and accrued interest for an issue of \$1,500,000 of first-mortgage four-per-cent, one-hundred-year gold bonds of the Kentucky Central. This line extends from Covington, Ky., to Lexington, Ky., and, with its branches, has a total mileage of 253.81.

Says the Cincinnati Enquirer: "Since it has been learned that the Vanderbilts have bought a controlling interest in the Chesapeake and Ohio Road, Dame Rumor has been busy selling some of the other roads owned by Mr. Huntington to them, or at least one of the roads owned by Mr. Huntington, viz., the Kentucky Central. The Kentucky Central would be of but little value to the Vanderbilts, and there doesn't seem to be the remotest chance of its falling into their hands. Either the Louisville and Nashville or the East Tennessee, Virginia and Georgia may some day secure the Kentucky Central, and most probably it will be the E. T. V. and G. In fact, both the L. and N. and the E. T. V. and G. people have, it is believed, made offers for the property. It would be of great advantage to the E. T. V. and G., as it would give that large system an entrance to Cincinnati. If the Louisville and Nashville purchases it, it will be for the purpose of keeping the E. T. V. and G. out of Cincinnati."

TRANSMEDIUM—MRS. DR. DENE AND

Proctor—Arrival extraordinary—Just arrived from New York. The world-renowned and highly celebrated and only natural born trance medium in this country. Born with a double veil and wonderful prophetic gift of second sight; has the power of any two mediums you ever met. This she is prepared to prove. Tells your entire life, past, present and future, in a dead trance; every hidden mystery revealed; tells whether the one you love is true or false; tells all your business affairs with utmost truth; gives advice on divorce, contested wills, speculations, etc.; tells your life from the cradle to the grave; positively no imposition; reveals everything. Has long been pronounced in Europe and America the greatest living wonder of the present age. Understands the science of the "Persian and Hindoo magic," or ancient charm working, and prepares Egyptian talismans which will overcome your enemies, remove family troubles, restore lost affections, makes marriage with the one you love—no failure; never-failing advice to young men on marriage, and how to choose a wife for happiness, and what business best adapted for speedy riches. Also gives indispensable advice to young ladies on love, courtship and marriage. The madam wishes it thoroughly understood that she is the only genuine seventh daughter of a seventh daughter of the present age, and advertises nothing but she can do, and would not be classed with the many cheap pretenders found in every city. All who are in sickness or trouble, all whose fond hopes have been blasted, and who have been deceived and disappointed through the false prediction of others, before giving up to despair are invited to call and be convinced of the true statements of the above without delay. IN MASONIC CIRCLES

Maysville Commandery No. 10, K. T., Confers the Order of Red Cross on Twenty-one Postulants.

List of Eminent Sir Knights From Abroad Present—Banquet and Toasts.

A memorable event in Masonic circles transpired last evening in the elegant asylum of Maysville Commandery No. 10, K. T.

It was the conference of the illustrious order of the Red Cross upon twenty-one postulants. The class, so far as known, is the largest that has ever received the degree at a single meeting anywhere in the State, and, perhaps, in the country. There were twenty-four candidates, but three of them were not present, having been detained by some cause or other. Two of the postulants, Rev. Ira A. Thayer, of the Christian Church, and Rev. Thomas Hanford, of the M. E. Church, reside in Maysville. Mr. Allan Cox lives at Cincinnati and the rest are prominent citizens of Ashland, Catlettsburg and other points in Eastern Kentucky. Messrs. Wat L. Andrews, Richard J. Pritchard and Montred B. Goble are the ones who were detained.

Following is a complete list of the postulants who received the degree:

Rev. Ira A. Thayer, Wm. David Malone, Allan Cox, Stephen G. Kenner, Rev. Thos. Hanford, James P. Brubaker, John C. Hopkins, Wm. John McKee, Laban T. Everett, W. B. Williams, Richard D. Davis, Martin V. Graham, P. S. Marcum, William C. Hager, Harry H. Hager, Nelson E. Freshour, John B. Sanford, Rev. W. H. Hampton, James A. Killgore, M. Clay Rockwell, James Trimble.

There were 110 Sir Knights in attendance, probably the largest crowd that has ever witnessed the conference of the Red Cross order anywhere in the State. Many eminent Sir Knights from abroad were present.

V. E. Sir Knight W. La Rue Thomas, Grand Captain General of the Grand Encampment U. S. A., presided as Sovereign Master during the evening and was assisted in the conference of the order by the officers of Maysville Commandery. The work was commenced at 8 o'clock.

An elegant banquet, prepared by Mrs. Laura Dimmitt, had been spread in the hall over the asylum and at the conclusion of the work, the Sir Knights and postulants to the number of 120 feasted to their heart's content. Toasts were responded to by Sir Knights Bassett, French, Carpenter, Moses, Herrinz, Leggett, Hamilton, Smith, Whitney and Armer, their rank and residence being given below. In addition to the postulants the following were present: Wm. E. Hay, Dorland P. Armer, of Richmond Commandery, No. 19, Richmond, Ky.; M. N. Hamilton, Andrew Southworth, W. T. Smith, of Huntington Commandery, Huntington, W. Va.; Chambers Leggett, Wm. H. Armstrong, C. W. Boyd, J. L. Armstrong, Albert White, of Cincinnati Commandery No. 3; Hiram Bassett, P. G. C. of Kentucky, of Carlisle Commandery No. 18; L. E. Herring, of Crusade Commandery No. 5, Baltimore; Ernest Kirker, Rev. J. S. Whitney, Grimes Nicholson, F. C. Vance and H. C. Freshour, of Calvary Commandery No. 13, of Portsmouth, O.; W. L. Smith, Lansing Commandery No. 25, Lansing, Mich.; Hon. H. R. French, Mt. Sterling Commandery; Wm. B. Carpenter, P. E. C., of Covington Commandery No. 7; Robert Moses, of DeMolay Commandery No. 12, Louisville; and D. M. Vansant, H. C. Ashton, J. F. Mills, S. P. Scruggs and Harry Andrews, of John C. Breckinridge Commandery No. 20, of Flemingsburg.

Commencing this afternoon at 4 o'clock, the Order of Temple will be conferred on four candidates by Sir Knights Bassett, French, Carpenter and Thomas.

MOBBED AT PARIS.

Determined Citizens Make Short Work of a Colored Rapist.

About 5 o'clock yesterday afternoon James Kelley, colored, brutally assaulted Mrs. Peter Crow, wife of a section boss at Paris. Kelly, who worked for Crow on the railroad, pretended that he was sick and laid off after dinner. He went to the house of Crow, which is three miles from that city, and finding no one at home except Mrs. Crow, knocked her down, grabbed her by the throat and, with the other hand, held a pistol in her face, and in this way accomplished his purpose. Mrs. Crow is badly bruised about the face and body, and is in a dangerous condition.

After the alarm was given, the negro was followed by Green McDonald, with a shotgun, and captured and placed in jail. Last night the citizens made short work of the fiend by taking him out and hanging him.

STRAW BOARD FACTORY.

A Chance for Some Maysville People to Invest in a Very Profitable Enterprise.

Messrs. J. L. and R. W. McEwan, of Hamburg, Sussex County, N. J., were in town last night on a brief visit to their uncle, Mr. John Walsh. They were en route to Kansas, and left this morning for the West. They are among the most experienced manufacturers of straw board in the country, their father having been one of the first to engage in the business in the United States. For some years they have been operating the McEwan straw board factory at Hamburg, N. J., but recently disposed of their interest to their partner, Harrison Quenby, and are at present considering a proposition to establish a factory at either Hays City or Winfield, Kan. Their present trip to the West is for the purpose of looking over the field and learning just what can be done at the places named. Some years ago they thought of locating here at Maysville, but parties at Hamburg made them a liberal offer and Hamburg got the factory. They prefer locating in Maysville now, and expect to return here in about two weeks to consult with our citizens in reference to the matter.

The demand for straw board is steadily increasing and Mr. R. W. McEwan gave the BULLETIN some figures last evening showing that an enterprise of that description here would prove a profitable one, not only for those who would engage in it, but also to the farmers of the surrounding country. Tons and tons of straw go to waste every year in the wheat and rye fields of the county. A straw board and brown paper factory here would create a demand for this straw and farmers would realize a profit out of that which has always proved almost a dead loss.

Mr. McEwan says that for \$10,000 he can secure a second-hand plant that will be worth \$25,000 as soon as it is placed in a good location and in operation. Such a factory will require about ten tons of raw material a day—sixty tons a week or 3,120 tons a year. This 3,120 tons of raw material will cost at present rates between \$12,000 and \$15,000. It will require from twenty to thirty hands to operate the factory. At a fair estimate the cost of converting the above quantity of raw material into the manufactured article will amount to about \$40,000. The 3,120 tons of raw material will make about 2,800 tons of the manufactured article, which at \$30 a ton—a fair price for straw board—would bring the owners of the factory \$84,000—a profit of about \$40,000 on the year's business.

The men of means here in Maysville are generally looking out for something in which there is big money. Let them consider the figures above, and then consult the Messrs. McEwan when they return here.

Personal.

Misses Mary O'Mara and Kate Fitzgerald are visiting at Flemingsburg.

Mr. Will F. Hall left last night on the "Fast Flying Virginian" for Old Point Comfort.

Miss Bessie Coons, of Maysville, is the guest of Mrs. W. D. Cushman this week.—Dover News.

Judge Wall and family left yesterday to spend about two weeks with relatives at Covington and Cincinnati.

Mrs. Robert Ficklin, and Mrs. C. C. Calhoun and children left yesterday to attend the camp meeting at Park's Hill.

Mr. W. B. Carpenter, one of Cincinnati's prominent business men, was here this morning on a visit to his old home.

Miss Bettie McIlvain, of Maysville, is a guest of Misses Sallie and Florence Adair, of Stony Point.—Paris Kentuckian.

Our farmers are regretting the necessity of having to top their tobacco so early. There is a great deal of tobacco throughout the country that is ready to top, and in all probability sunburn will reduce the average yield of good grades throughout Clark County.—Winchester Democrat.

THIRTY-TWO divorce suits were filed at Georgetown, O., the past twelve months—a big increase in such litigation. Of these twenty were asked on the ground of absence and neglect, five for cruelty, four for adultery, one for drunkenness and two for "general cussedness." Twenty-seven of the suits were decided and five are still pending. Husbands brought nine of the suits on the following grounds: Adultery three, absence and neglect five, and one for a variety of causes. In eleven cases alimony was allowed the wives.

A Golden Wedding

Is Celebrated By Mr. and Mrs. Gladstone.

CONGRATULATIONS RECEIVED

From Queen Victoria and Nearly All the Royalty of Europe — Many Valuable Presents Sent to the Ex-Premier of England—Great Drouth in Hungary. Strikers Sentenced to Imprisonment. Other Selections From the Latest Foreign News.

LONDON, July 26.—Mr. and Mrs. Gladstone celebrated yesterday the fiftieth anniversary of their wedding. The queen telegraphed her congratulations from Osborne to the ex-premier and his aged wife. The Prince and Princess of Wales and other members of the royal house sent letters of congratulations and the Prince of Wales sent a gold inkstand. A portrait of Mr. Gladstone with his grandson, painted by Millais, was presented by a number of the wives of Liberal members of parliament. Numerous other presents were also received.

The portrait by Millais, of Mr. Gladstone and his grandson, presented to the great Liberal leader this morning, is quite a surprise to everybody, as Millais only began the work on the first of the month. Notwithstanding the haste with which it had to be executed, good critics pronounce the work the best that famous artist have ever done.

The arrangements of the Gladstone Liberal club for the celebration of the ex-premier's golden wedding were on a magnificent scale. For their exercises they built a beautiful terrace overhanging the river front, 160 feet long and twenty-eight wide, roofed over with canvas and richly draped in blue and gold. The pillars and the walls were thickly studded with electric lights, and the flowers and plants were profusely scattered about so that the whole terrace presented the appearance of a tropical garden.

The ex-premier arose early in the morning and attended morning service at church with his family. Afterwards all breakfasted together at his residence in James street. During the day a host of callers came to pay their respects to the couple. Among those who called were Mr. John Morley, Sir William Harcourt, the Earl of Aberdeen, and many other Liberal peers.

In Hawarden, Gladstone's home, the church bells were kept ringing all day. The ex-premier and his family go to Hawarden next week, when the festivities here are over, and the celebration will be resumed among his neighbors there.

Rioting Strikers Sentenced.

BERLIN, July 26.—Thirty-two of the strikers arrested at Breslau have been convicted and sentenced to terms of imprisonment ranging from one year to five years. The ringleader, Henkel, was sentenced to seven years' imprisonment, and to be deprived of his civil rights for the same period in addition.

Labor Troubles in Austria and Germany. LONDON, July 26.—Strikes are extending rapidly in Austria and Germany, and every day brings news of fresh troubles in different lines of industry. All the carpenters in Prague have just given notice of an intention to strike, unless their demand for an increase in wages is conceded.

Drouth in Hungary.

VIENNA, July 26.—The harvest has been very bad in Hungary and South Russia, owing to continual drouth. In Vienna this drouth has been felt severely through the decline of the water supply, which has diminished to the extent of 400,000 hogsheads a day.

He Will Apologize and Pay Damage.

LONDON, July 26.—The Standard, which asserted that Father Coveney, of Dunmurry, Ireland, publicly prayed that God would strengthen the hands of the man who killed Inspector Martin at Gweedore, has decided to apologize and to pay £100 damages.

Wholesale Expulsions.

BERNE, July 26.—The Geneva government, by order of the Bundesrath, has expelled all the Russian Nihilists, French Anarchists and German Socialists now resident there, who are not provided with regular papers from their own countries.

The Valkyrie Will Not Take Part.

LONDON, July 26.—Earl Dunraven has received a cable dispatch from Gen. Payne announcing that no yacht has been selected in America to defend the cup and so he will not send the Valkyrie over.

ONCE MORE IN COURT.

The Cronin Suspects Put Through a Little Exercise.

CHICAGO, July 26.—Yesterday afternoon the five defendants in the Cronin cases—Beggis, O. Sullivan, Coughlin, Woodruff and Kunze—were taken before Judge Horton, by order of States Attorney Longenecker, and the question, "Are you ready for trial?" put to each of them, all but Coughlin replied, "I am," and after a little discussion of the case the prisoners were taken out of the court by the sheriff, under orders from Judge Horton, to bring them before him again in the near future.

Judge Longenecker's object in having the prisoners arraigned was to prevent them from claiming the protection of the statute which holds that in criminal cases the state must be ready for trial at the second term after an indictment is returned.

The Burke Case.

MINNEAPOLIS, Minn., July 26.—The Journal's Winnipeg, Man., special says: Arguments were heard on the writ of habeas corpus in the Burke case. Howell, the leading counsel for the prosecution, occupied the entire time up to adjournment.

A HEAVY ASSIGNMENT.

Lewis Brothers & Company's Great Dry Goods House in Trouble.

NEW YORK, July 26.—Shortly after 2 o'clock yesterday afternoon the assignment of Lewis Brothers & Company, the great dry goods house of Worth and Thomas streets, was filed in the county clerk's office. The assignee is Cornelius N. Bliss and there are no preferences to any person. The assignment was executed in Philadelphia.

It is currently reported in the trade that the failure of Lewis Brothers & Company was in some degree due to the Johnstown disaster. The estate of the late Henry Lewis was largely interested in the Cambria iron works, as well as in the Lewis firm. The Johnstown Manufacturing company, Woodvale woolen mill also consigned its product to Lewis Brothers, and this mill was destroyed by the flood, involving a loss of \$300,000. It was controlled by the Cambria Iron company. C. M. Bliss, receiver of Lewis Brothers & Company, is inclined to think that the assets will make a very satisfactory showing, but no definite statement can be made inside of ten days.

Heavy Loss in Providence.

PROVIDENCE, R. I., July 26.—Mills and banks here will be involved by the failure of Lewis Brothers & Company, \$600,000. Local banks have about \$150,000 of their paper divided among six or eight of them and the rest is among half a dozen mills, including those at station Manville and Wauregan. The belief prevails here that the firm can pay its indebtedness in full if they are given time. None of the mills and banks will be seriously embarrassed.

Not Felt in Boston.

Boston, July 26.—Commission houses here say that the failure of Lewis Brothers & Company will not affect the trade. Mr. Fabyon, of Fabyon, Bliss & Company, says his firm loses nothing. Mr. Bliss, as director of the Fourth National bank, New York, which holds some Lewis paper, may lose a little through that connection, but not a dollar as a member of Fabyon, Bliss & Company. Mr. Fabyon and other leading men in the trade express confidence that Lewis Brothers & Company will be able to settle in full.

No Loss at Fall River.

FALL RIVER, Mass., July 26.—The failure of Lewis Brothers & Company had no effect on the print cloth market. The firm had no Fall River business of consequence. It was reported that one mill was involved to a slight amount, but the report cannot be verified. Only one piece of the firm's paper is held here. The Metacomet bank, which holds it, is fully secured by the acceptance of a substantial Rhode Island concern.

An Encouraging Report.

PHILADELPHIA, July 26.—Mr. Bliss, assignee of Lewis Brothers & Company, was here yesterday, and after briefly examining the affairs of the firm, he is reported as having said that with careful management he saw no reason why the firm should not pay one hundred cents on the dollar in course of time.

Criminal Carelessness.

GLENDALE, O., July 26.—An infant child of J. C. Blackman found a piece of sausage on the street and was preparing to eat it, when its mother saw the discovery and threw the sausage away. A pet dog eat the sausage and died in a short time. The citizens of Glendale are very indignant over the manner in which poisoned meat is being distributed over the village, and \$50 is offered for the conviction of the offender.

A Life Sentence.

CINCINNATI, July 26.—Thomas Frey, murderer of James A. Cooper, of Milford, sentenced to the penitentiary for life, was brought to the county jail here from Batavia, and yesterday sent to Columbus. Finding the chances of his conviction of murder in the first degree almost certain, he concluded to save his neck by the plea he entered.

Governor Lowry Still at It.

NEW ORLEANS, July 27.—Governor Lowry Wednesday secured the arrest and extradition to Mississippi of Division Superintendent E. S. Tyler, of the Queen and Crescent railroad, who is charged with having abetted the managers of the recent prize fight at Richmond.

A Tower No Longer.

King Kalakua's Money.

CHICAGO, July 26.—J. S. Waterhouse, Jr., has arrived here from Honolulu, where he is a wealthy merchant and a member of the privy council. He says the reports of Kalakua's poverty are greatly exaggerated. The king's income is about \$30,000 per annum beside the crown lands. He has paid over 40 per cent. of the debt incurred at the time of the trouble and does not owe over \$120,000. He intends to start for the Paris exposition in a few weeks and will have plenty of money to go with.

They Will Investigate.
